

WORLD KNOWLEDGE SUMMIT MEXICO 2021

Invitation to students and teachers, from all over the world: The International College of Professionals C&C invites students and teachers of Civil Engineering worldwide to register and send their projects. The winners will be selected by a professional international jury made up of the best Engineers in the world who will evaluate the work of all participants.

The Jaguar Guerrero International Award for Excellence from the International College of Professionals C&C is an initiative whose objective is to promote the profession of academic and professional Civil Engineering.

WORLD CONGRESS OF KNOWLEDGE MEXICO 2020

Civil Engineering

A wonderful portal to expose the works and creativity of young people, have the opportunity to establish networking, knowledge sharing and teaching methods.

The recognition of experts around the world and the opportunity to appreciate the best works.

The global talent awards are celebrated and celebrated, encouraging them to be better by implementing the most avant-garde in all communities.

By recognizing the talent at the beginning of the participants' career and by offering them the opportunity to collaborate and support each other, this award empowers a new generation of engineers.

Jury.- The jury of the Prize for Excellence of the International Association of Professional Civil Engineering Division will be composed of civil engineers with masters and doctorates, planners, designers and world class academics.

Voluntary contributions are those that hold the C&C International College of Professionals Award of Excellence and affirm support for the culture of excellence for which we fight. The funds for the Excellence Award come from academic institutions, foundations and international organizations. Several donor companies have generously committed to achieve this goal.

Participation requirements.- ▪ **Participation requirements (Students Category A)** You can participate if you meet the following conditions: You (if you participate as an individual) or your team members (if you participate as a team) are expected to present your project to the committee or graduate between 09/01/2019 and 08/31/2020 *. ▪ Participants can submit work done only in their last year of study, regardless of the nature, program, budget and scale of the project (students can send graduation projects or any other design project of the last year, as long as you have completed in your last year of study). ▪ If a team or person wishes to submit more than one project, then each presentation must be registered as a separate entry. ▪ Finalists will be asked to provide proof of their status as seniors and graduate during the specified period.

•Evaluation Criteria: We are looking for aspirational and transformative projects that address local and global challenges, in turn containing a high level understanding and resolution of context engineering.

RELEVANCE: A statement of the conditions that establishes the contextual parameters of the proposal. Accuracy of the calculation process.

ANSWER: Aspirational, transformative and original projects with a programmatic response to existing environmental, social and local conditions. Clarity of the design process.

RESOLUTION: A clear design intention and the correct calculation resolution. Spatial, material and technical realization.

REGISTRATION The deadline for registration is October 31, 2021.

Institutions: This option is open to institutions interested in sponsoring their students to participate in the Jaguar Guerrero International Prize. This type of enrollment is suitable for institutions interested in showing their students' work on a global platform. Please contact us if you are a representative of your university or believe that your university may be interested in sponsoring your students to participate in the Jaguar Guerrero International Prize.

National Sponsors:

If you or your organization are interested in sponsoring students from your country as part of a Corporate Social Responsibility program to support young graduates of your country, please contact us and we can talk with you about the benefits of such sponsorship. By becoming a National Sponsor, it means that it gives all young civil engineers in your country the opportunity to participate in this international award.
